

Costantinos Christou

Constantinos Christou is a professor of mathematics education at the University of Cyprus and also the president of the Governing Body of the Open University of Cyprus. He served as the president of the Cyprus Council for the Recognition of Higher Education Qualifications (Ky.S.A.T.S) and vice president of the Accreditation Council of Cyprus (S.Ek.A.P). He also served as a chair of the Department of Education of the University of Cyprus (2004-2010), was member of the Senate of the University of Cyprus, vice-dean of the faculty of Social and Educational Sciences and a member of several senate comities. He was appointed as the president of the committee for the development of new mathematics curricula in Cyprus. He was the Cyprus National Project Manager of the survey PISA 2012 (OECD Programme for International Student Assessment).

He has published more than 100 books, book chapters, journal articles and conference proceedings. He is a reviewer of scientific journals in mathematics education and member of the editorial board of mathematics education journals. He has participated as coordinator and partner in several European research projects and was the coordinator of five other research projects funded by the University of Cyprus, the Cyprus Research Foundation and the Leventis Foundation. He is the chair of the working group for the incorporation of information technology in the primary school mathematics curriculum, and the scientific advisor of committee for the mathematics textbooks, which are currently used in the primary schools of Cyprus.
