

Doris Jorde

Doris Jorde is a professor in science education at the University of Oslo, Norway. She holds a PhD in Science Education from the University of California, Berkeley. Since 1984, she has been working at the University of Oslo, building up this area of research in Norway. Her research interests are centred on curriculum development and classroom practice in teaching and learning science.

She was a principle author in the Rochard report 'Science Education NOW!' and was leader of the first funded project in this scheme called 'Mind the Gap' as well the scientific leader of the EU project 'STEAM'. Jorde has worked with several further EU initiatives in science education, and is past president of the European Science Education Research Association. Jorde is currently the director of the Norwegian Centre for Science Education.
